## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

APPLICANTS: KATHLEEN M. FRIGON, <i>ET AL.</i>	ATTORNEY DOCKET No.	MFCP.110228
SERIAL NO. 10/763,886	CONFIRMATION No.:	6020
FILING DATE: JANUARY 23, 2004	GROUP ART UNIT:	2179
TITLE: TABLE OF CONTENTS DISPLAY	EXAMINER:	ERIC A. WIENER

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

**DECLARATION OF KATHLEEN M. FRIGON  
PURSUANT TO 37 C.F.R § 1.131**

Dear Sir:

I, Kathleen M. Frigon, declare as follows:

1. I am an inventor of the above-referenced patent application, and am familiar with the contents thereof.
2. I currently reside at [please insert current address]. 13700 NE 34th Place  
Bellevue, WA 98005
3. I have reviewed the "Simplifying the Management of Large Photo Collections" reference cited by the Examiner under 35 U.S.C. §102(a), which is dated less than one year prior to my effective U.S. filing date of January 23, 2004, and which shows, but does not claim, the same patentable invention.
4. The subject matter which I desire to claim does not correspond to a lost count in an interference and is not otherwise barred to the Applicants.
5. As is evident from the attached Exhibits A and B, Applicants completed and reduced to practice the invention in the United States at least prior to July, 29, 2003 (or in a NAFTA country after 12/8/93, or in a WTO country after 1/1/96).
6. More specifically, Exhibit A is a press release that evidences the release of a product titled "Microsoft® Digital Image Suite 9" on July 29, 2003. Exhibit B provides screen shots generated by the Microsoft® Digital Image Suite 9 product.

7. As evidenced by Exhibit B, the Microsoft® Digital Image Suite 9 product provides an actual reduction to practice of at least one embodiment of the invention now claimed in the present application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

5/21/07  
Date

  
Kathleen M. Frigon

## Microsoft Transforms Everyday Photos Into the Extraordinary

### New Digital Image Suite 9 Makes Professional-Quality Results Easy With an All-New Photo Organization and Advanced Image-Editing Software Suite

**REDMOND, Wash., July 29, 2003** — Microsoft Corp. today launched Microsoft® Digital Image Suite 9, the first digital imaging software package on the market to combine all the tools consumers want and need to organize, archive, edit and share the soaring number of digital photos accumulating on their PCs.

Digital cameras captured roughly 25 billion photos worldwide in 2002. That number is expected to jump to 56 billion in 2005. <sup>1</sup> A projected 28.1 million digital cameras will be sold worldwide in 2003, <sup>2</sup> and many consumers will find themselves juggling thousands of images without an easy way to manage them. In response, Microsoft combined the power of two digital imaging software titles, Microsoft Digital Image Library 9 and Microsoft Digital Image Pro 9, into one comprehensive and flexible photo solution. The result is the new Microsoft Digital Image Suite 9, the only product available today that gives consumers everything they need in digital imaging software, including advanced organizational and photo-editing tools, new levels of creativity with professional-quality photo projects, and unparalleled ease of use.

"Beyond simply taking digital photos, customers are becoming more sophisticated in how they want to edit, store and share their images," said Michelle Richardson, product manager for home imaging at Microsoft. "They want advanced yet easy-to-use photo software that can do it all, and that's exactly what they're going to get with Digital Image Suite."

Digital Image Suite 9 incorporates the following new organizational and advanced photo-editing tools:

**Organization With Digital Image Library 9**

- ✧ **New! Import Pictures Wizard.** This feature automatically detects import devices and renames and deletes photos on acquisition. Users can access photos from digital cameras as well as on CD-ROM or removable media.
- ✧ **New! Advanced organizational system.** Users can locate and organize their photos with intuitive tools such as the 5 Star Rating System, Find Similar Photos and Keyword Painter.
- ✧ **New! Virtual Views.** Quickly find and sort images by View, Date and Keyword, and then sub-sort by image size, file size, year, month, keyword, event, file type, folder and rating.
- ✧ **New! Photo Story Lite.** <sup>3</sup> Users can combine edited images, motion, text and even their own voice into a unique and personal photo story or video that

can be burned onto CD-ROM and viewed in most consumer DVD players or sent via e-mail.

- ❖ **New! Archive.** Protect and preserve precious photos and hard drive space with Digital Image Library's new state-of-the-art archival technology. Users can customize automatic backup reminders, choose among archiving options, burn CDs of favorite photos, archive to multiple devices and find archived images easily.

#### **Advanced Photo-Editing With Digital Image Pro 9**

- ❖ **New! Smart Erase.** Cutting-edge technology helps automatically remove unwanted objects with a click of the mouse.
- ❖ **New! Blending Brush.** Users can smooth away photo blemishes by copying the texture of part of an image and pasting it elsewhere.
- ❖ **New! Straighten Picture.** Users can align crooked pictures by shifting their image to a desired angle. They simply select the horizon line, and then use Straighten Picture to rotate and crop the area to a perfect line.
- ❖ **New! Multiple selection tools.** Users can choose from multiple selection tools, such as Marquee, Freehand, Edge Finder and Magic Wand, to select a specific photo area for editing.
- ❖ **New! Gaussian Blur.** This feature provides a sophisticated way to blur pictures to achieve a special effect or reduce emphasis on selected photo areas.
- ❖ **New! Unsharp Mask.** Users can sharpen a pictureGeneral term refers to a single photo or a composite project on the canvas. that is slightly out of focus. The Unsharp Mask uses noise-reduction threshold, contrast and edge width to determine which pixels to sharpen and by what degree.
- ❖ **New! Rule of Thirds.** Users can enhance objects by applying visually pleasing proportions and get a well-balanced photo that is appealing to the eye.
- ❖ **New! Save for a Mobile Device.** Users can instantly resize digital photos to the correct display size for a mobile device. Photos can be resized to fit on most popular mobile phones, Pocket PC or Palm devices.

#### **Unmatched Help and Startup Tools**

Digital Image Suite 9 continues Microsoft's tradition of powerful yet easy-to-use digital imaging products by including an enhanced startup window, new instructional videos and an improved user interface, making photo capture and enhancement easier than ever.

#### **New Levels of Creativity and More Ways to Share**

Digital Image Suite 9 offers new levels of creativity, with more than 5,000 images, 3,000 designer project templates, 200 filters (50 of which are new in Digital Image Suite 9) and a variety of mats, frames and templates for creating professional photo projects such as scrapbooks, photo albums, calendars and postcards. Filters with effects such as Antique, Impressionism and Watercolor add instant style to photos. Users can find professionally designed photo project templates for a variety of occasions, seasons and needs, including kids' crafts and business, community and home projects.

In addition, with MSN® Photos, <sup>4</sup> users can seamlessly order photo reprints and

gifts directly from within Digital Image Suite 9.

### **Availability**

Microsoft Digital Image Suite 9 is available for an estimated retail price of \$129 (U.S.).<sup>5</sup> Microsoft offers \$60 in rebates -- a \$30 version upgrade and competitive upgrade mail-in rebate, as well as an additional \$30 digital camera mail-in rebate (if consumers purchase any digital camera within 30 days of acquiring the application). In addition, the product ships with \$80 worth of coupons for Fuji products, Avery paper samples and Alien Skin plug-ins. Digital Image Suite 9 also is available at academic pricing and for business licensing. (Certain offer restrictions apply to each offer.)

In addition to the high-end features and functionality offered by Digital Image Suite 9, Microsoft provides product options for all levels of digital photography users. Picture It!® Photo Premium 9 offers a popular collection of midlevel photo-editing, drawing and painting options. Microsoft also is shipping Plus! Digital Media Edition, which includes a full version of Plus! Photo Story, Plus! Party Mode, Plus! Effects & Transitions for Windows® Movie Maker 2, and Plus! Sync & Go for Pocket PC, all for \$19.95 (U.S.).<sup>5</sup>

### **About Microsoft Home Retail Division**

Microsoft Home Retail Division (HRD) is a leading publisher of home software for the PC. Celebrating Microsoft's 20 years of delivering products that help consumers accomplish and enjoy everyday tasks, HRD brings consumers the Microsoft Encarta® encyclopedia, the industry's best-selling<sup>6</sup> encyclopedia brand; Microsoft Digital Image products, which combine advanced photo-editing features and unmatched organizational tools with unparalleled ease of use; Microsoft Money, easy-to-use personal finance management software; Streets & Trips, Microsoft's all-in-one mapping solution with points of interest, routes, driving directions and Pocket PC compatibility in one value-priced software package; and Microsoft Works Suite, the best-selling<sup>7</sup> integrated home productivity software that offers six of the latest essential home software titles in one package for tremendous value. Used with the MSN network of Internet services, these products have a unique depth and mobility that allow users to take their PC experience even further.

### **About Microsoft**
